

STRENGTHS AND LADDERS

GAME A

Now that you've spotted your strengths, its time to put them into action...just remember to use them wisely so you don't get swallowed up by a snake!

Rules of Play

Roll the die to find out who goes first - player with the highest number starts.

Move forward the number of places as indicated on the die.

If you land on a SCORE! square, you have used your strength well. Climb up the ladder and wait your next turn.

If you land on an OVERUSE! or UNDERUSE! square, you have not used your strength wisely. Next time learn how to use just the right amount of your strengths in different situations. Slide back down the snake and await your next turn.

The player that reaches the final square first is the winner - great use of strengths in the best possible way!
